THANK YOU for your SUPPORT

Freeman Bay is able to operate daily because you all have chosen us as your pit stop for refueling your boat or your belly! We appreciate your business and welcome you to the Freeman Bay Family!

This crew dedicates their entire summer to the boaters of Lake Freeman. They give up their summer holidays so you can enjoy yours. Over the upcoming holiday week, they will spend an insane amount of hours on their feet running up and down a dock to take care of you. Please treat them with respect and remember to be patient—they know whose turn it is and will work to get you out of here as quickly as possible!

Sarcasm & Safety Served Daily!

SAFETY Is Our #1 Priority At ALL Times (*for our customers AND our employees*)

Please know that we have everyone's best interests in mind!

SO: Put out the cigarettes, learn to drive and know what kind of gas you need!

Please take your time when approaching our ramps, only come in at **IDLE SPEED!** Approaching at high speeds can result in serious injury to yourself or others. If you aren't confident in your approach and there's a boat on that side of the dock, please wait for that boat to leave before pulling in. The ramps can become slippery from time-to-time!

E-Z Dock Safety

Sending a guest out on your jet ski or boat and expect them to get gas?

Do **NOT** send them here unless they know how to answer the following questions:

"What kind of gas do you want?"

We offer Regular, 50:1 Mix, and Premium Gas

"Where does the gas go?"

For everyone's safety, we cannot answer these questions for you or your guest.

"But I'm Just Dropping Off..."

PLEASE!! Do **NOT** "hover and drop off"-it **ALWAYS** creates chaos and often leads to injuries. We don't care who you are dropping off (mom, dad, kids, friends, enemies) or what it's for (bathroom, ice cream, ice, snacks, air pump, candy, beverages, sandwiches, sunscreen, souvenir clothes -yes we sell it all) please pull into one of our three spots at Freeman Bay. We know you're tired of waiting in line, but it's for everyone's safety. Just remember, we're moving as fast as we can... and no one likes a boat that cuts in line!
